

CIVIL CONTRACTOR · RESEARCH VIC 3095

AHD Trenchless

HDD specialist installing large diameter gravity sewer and river crossing pipelines for utilities.

WHO WE ARE

AHD Trenchless, established in 2009, designs and installs pipelines by horizontal directional drilling for the water, energy and mining industries, specialising in large diameter gravity sewer and river crossings for major Australian utilities. It installs pipe from 63 mm to 1200 mm over 100 m to 1.5 km and describes its rig range as Australia's largest and most advanced, including patented technology.

AT A GLANCE

Est.	2009
Based	Research VIC 3095
Regions	Australia-wide

WHAT WE DO

- Horizontal directional drilling (HDD)
- Large diameter gravity sewer installation
- Environmental remediation wells
- HDD design and consultancy
- River crossing pipelines
- Vacuum excavation and mud recycling

WHO WE WORK WITH

Water authorities: Greater Western Water, Melbourne Water, Yarra Valley Water, South East Water, Coliban Water

Contractors: Comdain, Fulton Hogan, MFJ, Jaydo, LEED, Browline

Energy and mining

SELECTED PROJECTS

Mullum Mullum Creek, Donvale

600 m of DN350 HDPE on grade under the creek

Client: Melbourne Pipelines / Yarra Valley Water

Oban Road, Donvale

HDD to connect over 7000 residents to sewer

Client: Yarra Valley Water

Deanside and Aintree Estates

Sewage and water rising main pipelines for 6000+ homes

Graeme Reserve, Wyndham Harbour

Sewer and water connection infrastructure

PLANT & CAPACITY

Universal 100T and Vermeer 50T HDD rigs, MAB150/300 mud recyclers, Effer crane truck, Scania vacuum truck
