Butler Excavations

Ballarat civil construction and construction-material recycling contractor established 1990.

WHO WE ARE

Butler Excavations is a Wendouree (Ballarat) civil construction and recycling business established in 1990 by Anthony Butler, growing from a single operator to a skilled team. It undertakes bulk earthworks, subdivisions, road construction, underground services, drainage and concrete works, and recycles concrete, asphalt and brick into crushed rock and sand products. It is ISO certified and prequalified with VicRoads, water and council authorities.
